

AMABILE STUDIO
INSTRUCTIONS MANUAL

BAMBIE
Resume Template

1. Introduction

Hey there! Thank you for choosing my templates. I hope you will enjoy using this template! Have fun creating. Keep reading for instructions in case you need them.

2. About the Product

Bambie Resume is fully editable Adobe InDesign template. Template is designed for playful, yet simple and elegant brand in contemporary style. It is perfect for creators such as graphic and web designers, brand designers, stylists, content creators, photographers and others.

Template features multiple designs in four different layouts created in both International A4 and US Letter format. Color mode is CMYK and resolution is 300 DPI. Document uses only free fonts which are linked in the instructions file. All elements in this template are organized in clearly named layers. Template comes with premade neutral and soft color palette, but you can easily change color to fit your needs.
